8. ADJOURNED until Mon., June 12. pp. 9121, 9130

SENATE

9. HOUSING. Continued debate on S. 1922, the omnibus housing bill. pp. 9175-84, 9185-9239
Agreed to the following amendments:
 - By Sen. Case, S. Dak., 46 to 42, to strike out Title VI of the bill which have provided Federal assistance to State and local governments in preserving open-space land in and around urban areas. pp. 9211-19
 - By Sen. Fong "to grant to lessee farmers the benefit of provisions of the law on farm housing loans - that is, farmers who are farming lands that are being leased." pp. 9221-2Rejected the following amendments:
 - By Sen. Humphrey, for himself and Sen. Scott, 43 to 51, which would have provided that municipalities with populations of 150,000 or less which are located in areas designated by the Secretary of Labor for redevelopment assistance or distressed areas would be eligible for the three-fourths urban renewal grant from the Federal Government. pp. 9198-9202
 - By Sen. Javits, 28 to 59, which would have permitted the VA to make direct housing loans to veterans in any area in which private capital is not generally available, rather than only to veterans in rural areas or small cities or towns as provided for in present law. pp. 9207-11
10. THE AGRICULTURE AND FORESTRY COMMITTEE reported the following bills: p. 9135
 - S. 302, without amendment, to authorize the appropriation of an additional \$2 million for the purchase of land within the boundaries of the Superior National Forest, Minn. (S. Rept. 359).

ADDING CERTAIN FEDERALLY OWNED LAND TO THE LASSEN VOLCANIC NATIONAL PARK, CALIF.

JUNE 29, 1961.—Committed to the Committee of the Whole House on the State
of the Union and ordered to be printed

Mr. JOHNSON of California, from the Committee on Interior and
Insular Affairs, submitted the following

R E P O R T

[To accompany H.R. 7042]

The Committee on Interior and Insular Affairs, to whom was referred the bill (H.R. 7042) to add certain federally owned land to the Lassen Volcanic National Park, in the State of California, and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

H.R. 7042, introduced by Congressman Johnson of California following receipt of an executive communication requesting that such a bill be enacted, will transfer 1,040 acres of Government-owned land from the Lassen National Forest to Lassen Volcanic National Park.

NEED

The three tracts of land to be transferred—one comprising about 240 acres, another about 170 acres, and the third about 640 acres—will bring within the park a campground that is already administered by the National Park Service under agreement with the Forest Service; a portion of a road the entire length of which, except for this portion, is within the park; and a small tract of forest land which is needed for a protective strip along Lost Creek. Most of the land involved in the bill has been logged over and, the committee was informed, grazing has been diminishing in recent years.

Enactment of the bill will simplify administrative problems as between the park and the forest. Provision is made in H.R. 7042 for construction of a road by the Forest Service across one of the three tracts if this is needed for administration of the forest.

COST

H.R. 7042 entails no cost to the Federal Government.

DEPARTMENTAL RECOMMENDATION

The executive communication of the Department of the Interior, dated April 12, 1961, is set forth below:

DEPARTMENT OF THE INTERIOR,
OFFICE OF THE SECRETARY,
Washington, D.C., April 12, 1961.

HON. SAM RAYBURN,
Speaker, House of Representatives,
Washington, D.C.

DEAR MR. SPEAKER: Enclosed is a draft of a proposed bill to add certain federally owned land to the Lassen Volcanic National Park, in the State of California, and for other purposes.

We recommend that this bill be referred to the appropriate committee for consideration, and we recommend that it be enacted.

This proposed legislation would result in adjustment of the boundaries between the Lassen Volcanic National Park and the Lassen National Forest so as to add approximately 1,040 acres of land to the park. Three separate parcels of land are involved in this transfer of administrative jurisdiction.

One of these tracts comprising about 240 acres, contains a loop of the Lassen Peak Road. The entire length of this road, which traverses much of the park between its south and west boundaries, lies within the park except the loop included in this proposed addition. Maintenance and administration of this portion of the road would be simplified through its inclusion in the park.

A tract of approximately 170 acres that lies to the east of Lost Creek would also be added to the park. This tract of forest land which is plainly visible from the Lassen Peak Road should be added to the park while it is in its presently uncut state so as to preserve the scenic vista from the road and afford a protective strip along the east side of Lost Creek.

A third tract is needed for use in expanding the park campground at Manzanita Lake. This location contains the only campgrounds near a store, post office, and general supplies. The need for additional campground space in this section of the park has been so urgent that—pursuant to authority contained in the act of August 7, 1946 (60 Stat. 885)—an agreement was entered into with the U.S. Forest Service of the Department of Agriculture whereunder this Department has undertaken the development and administration of campground and other recreational facilities on Forest Service lands in the Manzanita Lake region. Approximately 640 acres are needed here to provide adequate space for public campground facilities.

The Department of Agriculture, which administers the Lassen National Forest, is agreeable to these boundary adjustments and concurs in them. In this connection, a provision has been included in the bill that will insure the right of the U.S. Forest Service to establish and use a road, for national forest purposes, through a portion of the lands proposed for addition to the national park in section 19 (near

Manzanita Lake). Such reservation would have no adverse effect upon the park.

Since all the lands to be added to the park are federally owned, no land acquisition costs are involved.

The Bureau of the Budget has advised that there is no objection to the presentation of this draft bill from the standpoint of the administration's program.

Sincerely yours,

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

A BILL To add certain federally owned land to the Lassen Volcanic National Park, in the State of California, and for other purposes

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following described lands of the Lassen National Forest are hereby excluded from the forest and added to the Lassen Volcanic National Park:

Lots 1, 2, and 3, south half northeast quarter, and southeast quarter northwest quarter section 4; west half southeast quarter and those parts of the south half northwest quarter and of the southwest quarter of section 11 lying east of Lost Creek; and section 19, township 31 north, range 4 east, Mount Diablo meridian: *Provided*, That the aforesaid lands in section 19 are included within the national park subject to the right of the Secretary of Agriculture to construct and maintain a permanent road through such section in order to permit the use, protection, and administration of adjacent national forest lands and the removal of timber from the national forest.

COMMITTEE RECOMMENDATION

The Committee on Interior and Insular Affairs recommends the enactment of H.R. 7042.

BILLS INTRODUCED

27. LANDS. S. 2213, by Sen. Gruening (for himself and Sen. Bartlett), to convey the interest of the United States in certain land to the city of Sitka, Alaska; to Interior and Insular Affairs Committee.
S. 2219, by Sen. Bible (by request), to authorize the classification, segregation, lease, and sale of public land for urban, business, and occupancy sites, to repeal obsolete statutes; to Interior and Insular Affairs Committee.
28. RESEARCH. H. R. 8046, by Rep. St. George, to provide for the establishment, under the National Science Foundation, of a National Science Academy; to Science and Astronautics Committee.

to authorize a study of the feasibility of the road in what is federally owned land at the present time.

Mr. GROSS. I understand, but when we undertake these things from then on the expenses mount up for the Federal taxpayer.

Mr. Speaker, I withdraw by reservation of objection.

Mr. FORD. Reserving the right to object, Mr. Speaker, may I ask the chairman of the Committee on Interior and Insular Affairs if there is a committee amendment proposed to this bill?

Mr. ASPINALL. There are several committee amendments proposed to the bill. One amendment has to do with future jurisdiction over the land, to be taken into consideration when the final determination is made on the survey.

May I say to my colleague from Michigan and my colleagues of the House that the gentleman from Colorado [Mr. CHENOWETH] and I traveled over every foot of the Blue Ridge Parkway that is now constructed, also the Skyline Drive of the Shenandoah National Park, this last Fourth of July weekend. It is a very much traveled area. The Smoky Mountains National Park, which is adjacent to a part of the Blue Ridge Parkway, and a part of which parkway is in the park, is the most visited national park facility in the United States. It had a visitation last year of approximately 4,500,000. We are two of the very few Members of Congress who have gone over that part of the Blue Ridge Parkway which is now constructed. This is a part of the parkway in the section which is south and west of Asheville where the proposed parkway into Atlanta is proposed to take off. We found the parkway to be one of the finest facilities, one of the greatest drawing cards for this kind of recreation to be found in the United States.

Mr. FORD. May I ask the gentleman from Colorado to read the other proposed committee amendment?

Mr. ASPINALL. Does the gentleman mean the one to change the word "Ball" to "Bald"?

Mr. FORD. I raise that question because I understand on Consent Calendar No. 142 there was a committee amendment that went beyond the authorization of funds and actually attempted to appropriate funds. Am I misinformed as to the kind of committee amendment that was?

Mr. ASPINALL. I think the gentleman is. This is only an authorization.

Mr. FORD. There is no appropriation, it is purely an authorization for an appropriation?

Mr. ASPINALL. The gentleman is correct. If this committee ever trespasses on the jurisdiction of the Committee on Appropriations, we want to have it brought to our attention immediately.

Mr. FORD. I withdraw my reservation of objection, Mr. Speaker.

Mr. WEAVER. Reserving the right to object, Mr. Speaker, may I ask the chairman of the committee if I understand correctly that every bit of the survey will be on Federal land?

Mr. ASPINALL. I am not at liberty at this time to say that, but as far as the survey would be concerned it would be to take care of that part of it located primarily on Federal land, and only this survey can tell us about the feasibility of the route proposed. If any of it is private land, then the feelings of the gentleman from Iowa should be taken into consideration, because we should not take funds from the Federal Treasury for this purpose unless the area becomes a Federal facility.

Mr. WEAVER. That is why I brought up the question.

The SPEAKER pro tempore. Is there objection to the present consideration of the bill?

There being no objection, the Clerk read the bill, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That a sum not exceeding \$35,000 is hereby authorized to be appropriated out of the Treasury of the United States, to be used by the Department of the Interior through the National Park Service with which to make a survey, now directed, of the route of a proposed national parkway extending from the Blue Ridge Parkway at or near Tennessee Ball or Beech Gap in North Carolina and running in a southwesterly direction by Cashiers, North Carolina, and Highlands, North Carolina, into the State of Georgia in the direction of Atlanta, Georgia, the survey to recommend the most desirable terminating point of said parkway. An estimate of the cost of construction of an appropriate national parkway, comparable with the Blue Ridge Parkway, over the indicated route, together with such other data as may be of value, shall be obtained through the said survey, hereby authorized, for the purpose of determining the feasibility and desirability of constructing the proposed national parkway, or any portions thereof. Final report of such survey, accompanied by full information and data, with recommendations, shall, at the earliest possible date, be made and submitted to the Congress of the United States for its consideration.

With the following committee amendments:

Page 1, line 6, strike out the word "Service," and insert in lieu thereof "Service and by the Department of Commerce through the Bureau of Public Roads."

Page 1, line 8, strike out the word "Ball" and insert in lieu thereof the word "Bald".

Page 2, line 15, change the period to a colon and add the following language: "Provided, That the survey of such portions of the proposed national parkway as may be located within the exterior boundaries of a National Forest shall be made in cooperation with the Secretary of Agriculture, and the comments and recommendations of the Secretary of Agriculture with respect to such portions shall be set forth in the final report to be submitted to the Congress by the Secretary of the Interior."

The committee amendments were agreed to.

(Mr. TAYLOR asked and was given permission to extend his remarks at this point in the RECORD.)

Mr. TAYLOR. Mr. Speaker, the purpose of H.R. 6067 is to authorize an appropriation of a sum not exceeding

\$35,000 with which to make a survey of a proposed national parkway from the Blue Ridge Parkway at or near Beech Gap running in a southwest direction into the State of Georgia in the direction of Atlanta. The survey would recommend the most desirable route and terminating point.

This proposal is timely because the Blue Ridge Parkway as presently planned is 90 percent completed.

This region which is within one or two days travel to 60 percent of the population of the United States desperately needs more recreational lands developed as the recreation areas are now over crowded. Last year over 6 million people traveled the Blue Ridge Parkway, and reports this year show a 20-percent increase making this the most traveled scenic road in America. Last year 3 million people visited the Great Smoky Mountains National Park which is located only some 50 miles from the proposed parkway extension.

This proposed national parkway might be considered as an extension of the Blue Ridge Parkway. It would provide a safe, cool, and scenic roadway along the crest of the Blue Ridge Mountains leading from the Blue Ridge Parkway and Smoky Mountain National Parkway to and through the mountains of Georgia. The region through which the parkway would pass is largely undeveloped. Large portions of it are still in a state of natural wilderness.

This territory is comparable to the outstanding scenic wonders of the most beautiful sections of the present Blue Ridge Parkway. This parkway would pass by Whiteside Mountain, the highest granite cliff in the east and by many spectacular waterfalls such as Bridal Veil, Cullasaja, Toxaway, Dry Falls, and Whitewater. Much of the right-of-way would likely be across Forest Service lands now owned by the U.S. Government.

The present parkway is 480 miles in length and the extension would have a maximum length of 170 miles. This proposed parkway when developed would provide an economic boost to all western North Carolina especially to the section west of Mount Pisgah.

Travel is western North Carolina's fastest growing industry. The growth has been so great that there is constant demand for more scenic roads and an expansion of facilities. As we plan for the future we must realize that we have just begun to tap the great potential of recreational opportunity that lies ahead in this section of our country.

The bill was ordered to be engrossed and read a third time, and was read the third time, and passed.

The title was amended so as to read:

A bill to provide for an appropriation of a sum not to exceed \$35,000 with which to make a survey of a proposed national parkway from the Blue Ridge Parkway at Tennessee Bald or Beech Gap southwest and running into the State of Georgia.

A motion to reconsider was laid on the table.

AUTHORIZING EXCHANGE OF LANDS AT WUPATKI NATIONAL MONU- MENT, ARIZ.

The Clerk called the bill (H.R. 7240) to authorize an exchange of lands at Wupatki National Monument, Ariz., to provide access to certain ruins in the monument, to add certain federally owned lands to the monument, and for other purposes.

There being no objection, the Clerk read the bill as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior may, in his discretion, obtain a valid title for the United States to the lands described as: southeast quarter, section 17, and section 29, township 26 north, range 10 east, Gila and Salt River meridian, for addition to the Wupatki National Monument in exchange for lands of approximately equal value described as: southwest quarter, section 16, township 26 north, range 10 east, and section 32, township 26 north, range 9 east, Gila and Salt River meridian. The lands conveyed by the Secretary and the privately owned land known as northwest quarter, section 21, township 26 north, range 10 east, Gila and Salt River meridian, shall after execution of the exchange, cease to be a part of the Wupatki National Monument.

SEC. 2. The Secretary may, in his discretion, accept the donation of a permanent easement for a road right-of-way two hundred feet wide for the purpose of providing public access to the significant Crack-in-Rock Ruin which lies within the monument: *Provided*, That no road may be constructed upon the right-of-way without further legislative authority. The right-of-way to the ruin shall extend across terrain suitable to the Secretary from any point on the north line of township 25 north, ranges 9 or 10 east, Gila and Salt River meridian, which he may select.

SEC. 3. Subject to valid existing rights, the public lands lying west of the west right-of-way line of United States Highway 89 in section 3 township 25 north, range 8 east, Gila and Salt River meridian, consisting of lot 4, southwest quarter northwest quarter, northwest quarter southwest quarter and the westerly portions of lot 3, southeast quarter northwest quarter, and east one-half southwest quarter are added to and made a part of the Wupatki National Monument.

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

ADDING CERTAIN FEDERALLY OWNED LAND TO THE LASSEN VOLCANIC NATIONAL PARK, CALIF.

The Clerk called the bill (H.R. 7042) to add certain federally owned land to the Lassen Volcanic National Park, in the State of California, and for other purposes.

There being no objection, the Clerk read the bill as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following described lands of the Lassen National Forest are hereby excluded from the forest and added to the Lassen Volcanic National Park:

Lots 1, 2, and 3, south half northeast quarter, and southeast quarter northwest

quarter section 4; west half southeast quarter and those parts of the south half northwest quarter and of the southwest quarter of section 11 lying each of Lost Creek; and section 19, township 31 north, range 4 east, Mount Diablo meridian: *Provided*, That the aforesaid lands in section 19 are included within the national park subject to the right of the Secretary of Agriculture to construct and maintain a permanent road through such section in order to permit the use, protection, and administration of adjacent national forest lands and the removal of timber from the national forest.

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

The SPEAKER pro tempore (Mr. IKARD of Texas). This concludes the call of the eligible bills on the Consent Calendar.

AMENDING SURPLUS PROPERTY ACT OF 1944—SURPLUS LAND FOR HISTORIC MONUMENTS

Mr. BROOKS of Texas. Mr. Speaker, I ask unanimous consent to return to Calendar No. 130 on the Consent Calendar for the consideration of the bill (S. 537) to amend the Surplus Property Act of 1944 to revise a restriction on the conveyance of surplus land for historic-monument purposes, which the gentleman from Michigan [Mr. FORD] asked unanimous consent to be passed over without prejudice. The misunderstanding as to this has been cleared up.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the present consideration of the bill?

There was no objection.

The Clerk read the bill as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the last clause of section 13(h)(2) of the Surplus Property Act of 1944, as amended (50 U.S.C. App. 1622(h)(2)), is amended by striking out the words "it was acquired by the United States at any time subsequent to January 1, 1900", and substituting the words "its historical significance relates to a period of time within the fifty years immediately preceding the determination of suitability and desirability for such use."

The bill was ordered to be read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

PRIVATE CALENDAR

The SPEAKER pro tempore. This is Private Calendar Day. The Clerk will call the first individual bill on the Private Calendar.

WORTHINGTON OIL REFINERS, INC.

Mr. GROSS. Mr. Speaker, I ask unanimous consent that this bill be passed over without prejudice.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Iowa?

There was no objection.

SENDING H.R. 6012 TO COURT OF CLAIMS

The Clerk called the resolution (H. Res. 249) providing for sending the bill H.R. 6012 and accompanying papers to the Court of Claims.

There being no objection, the Clerk read the resolution as follows:

Resolved, That the bill (H.R. 6012) entitled "A bill for the relief of the estate of George S. Rumley," together with all accompanying papers, is hereby referred to the Court of Claims pursuant to section 1492 and 2509 of title 28, United States Code; and the court shall proceed expeditiously with the same and report to the House, at the earliest practicable date, giving such findings of fact and conclusions thereon as shall be sufficient to inform Congress whether the claim is a legal or equitable claim or a gratuity, and the amount of damages, if any, legally or equitably due from the United States to the claimant, the statute of limitations, the plea or res judicata, laches, any lapse of time, or any prior court decision of this claim by any court of the United States to the contrary, notwithstanding. The Court of Claims is directed to consider the records of any previous trial of this case.

The resolution was agreed to.

A motion to reconsider was laid on the table.

HENRY EUGENE GODDERIS

The Clerk called the bill (S. 1073) for the relief of Henry Eugene Godderis.

There being no objection, the Clerk read the bill as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, for the purposes of title III of the Immigration and Nationality Act, Henry Eugene Godderis shall be held and considered to have been lawfully admitted to the United States for permanent residence on September 1, 1955.

HIGHLIGHTS: Senate began debate on farm bill. House committee reported (on July 22) farm bill and bill to permit removal of hay on conservation reserve acreage adjacent to disaster areas. Senate committee reported foreign aid authorities bill.

SENATE

1. FARM PROGRAM. Began debate on S. 1643, the omnibus farm bill (pp. 12252-9, 12281-300, 12315-18). Agreed to an amendment by Sen. Ellender to add two sentences to Subtitle D relating to marketing orders which he explained were "inadvertently omitted" from the bill as reported out of committee (p. 12282).
Sens. Yarborough, Kefauver, Moss and Metcalf submitted amendments intended to be proposed to the farm bill. Sen. Metcalf explained that his proposed amendment in the nature of a substitute "would reinstate beginning with the 1962 crop of wheat the provisions of legislation which authorized increased farm acreage allotments and marketing quotas for the 1957 crop of wheat for farms producing Durum wheat, except that the provision which permitted the growing without penalty of up to 30 acres of Durum wheat on any farm in the designated counties regardless of the size of the farm acreage allotment would be eliminated." pp. 12242-3
2. FOREIGN AID. The Foreign Relations Committee reported with amendments S. 1983, the foreign aid authorization bill (S. Rept. 612) (p. 12240). The Committee

voted to report the bill earlier. the "Daily Digest" includes a table listing authorizations requested by the Administration and the amounts as authorized by the Committee (pp. D602-3).

Sen. Symington urged support for the foreign aid bill and inserted an editorial, "Foreign Aid: A 'Must' of U. S. Policy." p. 12273

Sen. McGee inserted an article discussing the foreign aid program, "A Battery of Plus Signs Supports Foreign Aid." pp. 12302-3

3. FOREIGN AFFAIRS. Sen. Humphrey inserted an article discussing the international situation, "The Shape of Things to Come." pp. 12273-6

Sen. Fulbright discussed, in response to a recent statement by Sen. Goldwater, the objective of U. S. foreign policy, stating that "our proper objective is a continuing effort to limit the world struggle for power and to bring it under civilized rules." pp. 12280-1

4. FORESTRY; PUBLIC LANDS. ~~The Interior and Insular Affairs Committee reported without amendment H. R. 6067, to provide for an appropriation of not to exceed \$35,000 with which to make a survey of a proposed national parkway from the Blue Ridge Parkway at Tennessee Bald or Beech Gap southwest and running in Ga. (the proposed parkway would traverse certain national forest lands) (S. Rept. 605 (p. 12239), and H. R. 7042, to add 1,040 acres of land in the Lassen National Forest to the Lassen Volcanic National Park, Calif. (S. Rept. 608) (pp. 12239-40).~~

~~Received from this Department and the Navy Department a notice of the intention of the two Departments "to interchange jurisdiction of military and national forest lands." p. 12238~~

~~Sen. Moss discussed the "demand in America for more and better outdoor recreation spots," and inserted an article, "Ah, Wilderness?" pp. 12262-7~~

5. NOMINATION. Confirmed the nomination of Robert E. Hampton to be a Civil Service Commissioner. p. 12237

6. URBAN AFFAIRS. The Subcommittee on Reorganization and International Organizations of the Government Operations Committee voted to report (on July 21, during adjournment) to the full committee with amendments S. 1633, to create a Department of Urban Affairs and Housing. p. D603

Sen. Bridges inserted a statement of Paul Belknap before the Subcommittee on Reorganization of the Senate Government Operations Committee opposing the creation of the proposed Department of Urban Affairs. pp. 12244-7

7. RESEARCH. Sen. Humphrey discussed Federal budgeting for research and development, saying that during hearings this week the Subcommittee on Reorganization and International Organizations of the Senate Government Operations Committee "is going to look at the subject from one particular standpoint -- the relationship between budgeting for research and development and long-range programs to solve major problems of national security, space, and other challenges." pp. 12276-7

HOUSE

8. FARM PROGRAM. The Agriculture Committee reported (on July 22, during adjournment) with amendment H. R. 8230, the omnibus farm bill (H. Rept. 754). p. 12235

Rep. McCormack discussed the major legislative achievements of the first 6 months of the Kennedy administration, including agriculture. pp. 12190-1

ADDING CERTAIN FEDERALLY OWNED LAND TO THE
LASSEN VOLCANIC NATIONAL PARK, CALIF.

JULY 24, 1961.—Ordered to be printed

Mr. BIBLE, from the Committee on Interior and Insular Affairs,
submitted the following

R E P O R T

[To accompany H.R. 7042]

The Committee on Interior and Insular Affairs, to whom was referred the bill (H.R. 7042) to add certain federally owned land to the Lassen Volcanic National Park, in the State of California, and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

H.R. 7042, introduced by Congressman Johnson of California following receipt of an executive communication requesting that such a bill be enacted, will transfer 1,040 acres of Government-owned land from the Lassen National Forest to Lassen Volcanic National Park.

NEED

The three tracts of land to be transferred—one comprising about 240 acres, another about 170 acres, and the third about 640 acres—will bring within the park a campground that is already administered by the National Park Service under agreement with the Forest Service; a portion of a road the entire length of which, except for this portion, is within the park; and a small tract of forest land which is needed for a protective strip along Lost Creek. Most of the land involved in the bill has been logged over and, the committee was informed, grazing has been diminishing in recent years.

Enactment of the bill will simplify administrative problems as between the park and the forest. Provision is made in H.R. 7042 for construction of a road by the Forest Service across one of the three tracts if this is needed for administration of the forest.

1 Mount Diablo meridian: *Provided*, That the aforesaid lands
2 in section 19 are included within the national park subject
3 to the right of the Secretary of Agriculture to construct and
4 maintain a permanent road through such section in order to
5 permit the use, protection, and administration of adjacent
6 national forest lands and the removal of timber from the
7 national forest.

Passed the House of Representatives July 10, 1961.

16. FARM LABOR. The Labor and Public Welfare Committee voted to report (but did not actually report) the following bills: p. D626
 - S. 1123, with amendment, to exempt migratory labor children above certain ages from the child labor provisions of the Fair Labor Standards Act of 1938.
 - S. 1124, with amendment, to provide Federal assistance in providing improved educational opportunities for children of migratory farm workers, amended to include the amended text of S. 1125, to provide Federal assistance for the adult education of migratory farm workers.
 - S. 1126, with amendment, to provide for the registration of contractors of migratory farm workers.
 - S. 1130, with amendment, to authorize the Public Health Service to make grants for improving health services and conditions for migratory farm workers.
 - S. 1132, with amendment, to provide for the establishment of a National Citizens Council on Migratory Labor.
17. YOUTH CONSERVATION CORPS. The "Daily Digest" states that the Labor and Public Welfare Committee considered "but took no final action on, S. 404, to establish a Youth Conservation Corps within the Department of Labor." p. D626
18. PUBLIC LANDS. ~~The Interior and Insular Affairs Committee reported without amendment S. 799, to amend the act of Mar. 8, 1922, so as to permit the Secretary of Interior to sell, under certain conditions, lands in Alaska known to contain workable coal, oil, or gas deposits (S. Rept. 639). p. 12642~~
 - ~~Passed without amendment H. R. 6067, to provide for an appropriation of not to exceed \$35,000 with which to make a survey of a proposed national parkway from the Blue Ridge Parkway at Tennessee Bald or Beech Gap southwest and running into Ga. (the proposed parkway would traverse certain national forest lands). This bill will now be sent to the President. p. 12655~~
 - ~~Passed without amendment H. R. 7042, to add 1,040 acres of land in the Lassen National Forest to the Lassen Volcanic National Park, Calif. This bill will now be sent to the President. pp. 12655-6~~
 - ~~Passed without amendment S. 1674, to provide additional authority for the Secretary of the Interior to lease in a more practical and equitable manner mineral deposits in acquired lands in which the U. S. has a future or a partial interest. pp. 12659-60~~
19. FARM PROGRAM. Sens. Dirksen, Williams, Del., and others protested inclusion in the omnibus farm bill of an amendment by Sen. McCarthy to include chicken hatching eggs under the marketing quota provisions of the bill. Sen. Dirksen stated that the amendment had not been cleared with the minority side and it was the understanding of some members that it applied only to turkey hatching eggs, and that an effort would be made to instruct Senate conferees on the farm bill to object to the provision relating to chicken hatching eggs. pp. 12680, 12711-3

FORT NECESSITY NATIONAL BATTLEFIELD SITE, PA.

The bill (H.R. 498) to provide additional lands at, and change the name of, the Fort Necessity National Battlefield Site, Pa., and for other purposes, was considered, ordered to a third reading was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement from the report (No. 604) explanatory of the purpose of the bill be printed in the RECORD at this point.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

PURPOSE

The purpose of H.R. 498, by Congressman MORGAN, is to authorize the acquisition of approximately 478 acres of land at the site of the battle of Fort Necessity in southwestern Pennsylvania. Two-thirds of the land to be acquired is owned by the Commonwealth of Pennsylvania and will be transferred to the United States for a payment of \$1. The remaining 160 acres are in private ownership and are valued at about \$115,000. The bill also provides for simplifying the present name of the area (Fort Necessity National Battlefield Site) by dropping the word "Site" from its title.

NEED

Fort Necessity is the place at which occurred on July 3, 1754, the opening engagement in the French and Indian War—an engagement often referred to as the Battle of Great Meadows. The French and Indian War, and its European counterpart, the Seven Years' War, ended in the French being driven from the North American Continent as a political power. Fort Necessity is thus a historic site of the first magnitude. Its importance in U.S. history is enhanced by the fact that it was here that George Washington, then a lieutenant colonel, fought his first important military engagement. A substantial part of the lands to be acquired, moreover, later came into his ownership. The lands covered by H.R. 498 include the site of the grave of Gen. Edward Braddock, commander of the British and Colonial troops in the American Colonies. General Braddock died here in 1755 after being wounded at the Battle of Monongahela.

The significance of Fort Necessity was recognized by the Congress in 1931 when it authorized the erection of a monument there on land donated for the purpose. The monument and the surrounding State park attract thousands of visitors every year. Enactment of H.R. 498 will enable this area of more than national significance to be preserved under Federal auspices for future generations.

Donation of the State-owned lands to the United States is assured by a measure which passed both houses of the Pennsylvania Legislature almost unanimously. Local taxing officials have agreed that there is no objection to removal of the privately owned lands from the local tax rolls.

COST

The estimated cost of acquiring the 160 acres of private land involved in H.R. 498 is \$115,000. The bill limits the amount authorized to be appropriated for this purpose to this amount.

PROVISION FOR APPROPRIATION FOR SURVEY OF PROPOSED NA- TIONAL PARKWAY

The bill (H.R. 6067) to provide for an appropriation of a sum not to exceed \$35,000 with which to make a survey

of a proposed national parkway from the Blue Ridge Parkway at Tennessee Ball or Beech Gap southwest and running into the State of Georgia was considered, ordered to a third reading, was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement from the report (No. 605) explanatory of the purpose of the bill be printed in the RECORD at this point.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

PURPOSE

The purpose of H.R. 6067, by Congressman Taylor, is to authorize an appropriation with which to make a survey of a proposed national parkway beginning at a point on the Blue Ridge Parkway in southwestern North Carolina and running about 170 miles in a southwesterly direction toward Atlanta, Ga. The survey would recommend a route to be followed by the new parkway and its most desirable terminus.

NEED

The proposed national parkway may be considered an extension of the Blue Ridge Parkway. It would provide a safe, cool, and scenic route along the crest of the Blue Ridge Mountains into and through the mountains of Georgia. Large portions of the route are still in a state of nature and it is almost entirely undeveloped. The parkway would pass by Whiteside Mountain, the highest granite cliff in the East, and by many spectacular waterfalls such as Bridal Veil, Cullasaja, Toxaway, Dry Falls, and Whitewater, the highest cascade in eastern America.

With millions of visitors traveling the Blue Ridge Parkway every year and with over 3 million persons entering the Great Smoky Mountains National Park last year, it is clear to the committee that the modest appropriation for a survey which H.R. 6067 calls for is well justified.

In approving this measure, the committee would make it clear that, in authorizing the proposed survey, this action is in no way a precommitment of support for legislation that may subsequently be introduced to provide for the construction of the parkway to be surveyed.

COST

The bill authorizes appropriations totaling not more than \$35,000.

ACKIA BATTLEGROUND NATIONAL MONUMENT, MISS.

The bill (H.R. 6346) to include Ackia Battleground National Monument, Miss., and Meriwether Lewis National Monument, Tenn., in the Natchez Trace Parkway, and to provide appropriate designations for them, and for other purposes, was considered, ordered to a third reading, was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement from the report (No. 606) explanatory of the purpose of the bill be printed in the RECORD at this point.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

PURPOSE

The principal purpose of H.R. 6346 is to add to the Natchez Trace Parkway two small national monuments which adjoin it and thus permit more orderly administration of the three Federal holdings. A second pur-

pose of the bill is to provide for appropriate redesignations of the national monuments after they have been incorporated into the parkway.

H.R. 6346 was introduced by Congressman ABERNETHY following receipt of an Executive communication request that this be done.

NEED

Neither the 49-acre Ackia Battleground National Monument in Mississippi nor the 300-acre Meriwether Lewis National Monument in Tennessee is large enough to justify, nor so located as to require, a separate administrative staff. As a result, the National Park Service has relied on its Natchez Trace Parkway personnel to administer these two tracts. H.R. 6346 will confirm this arrangement.

It will also permit a redesignation of the misnamed Ackia Battleground National Monument. At the time provision was made in the act of August 27, 1935 (49 Stat. 897) for creation of the monument, it was apparently thought that it was the site of an important French and Indian battle, but it is now known that it was not. It is known, however, that the Chickasaw Indians had an important village on this site. Enactment of H.R. 6346 is needed to permit the Secretary of the Interior to make an appropriate adjustment in the designation.

COST

Enactment of the bill will entail no cost to the United States.

TUPELO NATIONAL BATTLEFIELD SITE, MISSISSIPPI

The bill (H.R. 6519) to provide additional lands for the Tupelo National Battlefield site, Mississippi, and for other purposes, was considered, ordered to a third reading, was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement from the report (No. 607) explanatory of the purpose of the bill be printed in the RECORD at this point.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

PURPOSE

The principal purpose of this bill is to permit one-half an acre of land to be added to the Tupelo National Battlefield site. The land will be donated by the United Daughters of the Confederacy which now owns it. The bill also proposes a simplification of the present name of the site.

H.R. 6519 was introduced by Congressman ABERNETHY following receipt of an executive communication requesting that this be done.

NEED

The Tupelo National Battlefield site in Mississippi was established by the act of February 21, 1929 (45 Stat. 1254), to commemorate the battle which occurred on July 13 and 14, 1864. It is limited by present law to 1 acre. The half acre covered by H.R. 6519 is a strip of land about 25 feet in width immediately adjacent to the site which will be useful for parking facilities.

COST

H.R. 6519 involves no cost to the Government.

LASSEN VOLCANIC NATIONAL PARK, CALIF.

The bill (H.R. 7042) to add certain federally owned land to the Lassen Volcanic National Park in the State of

California, and for other purposes, was considered, ordered to a third reading, was read the third time, and passed.

On request of Mr. MANSFIELD, an excerpt from the report (No. 608) was ordered to be printed in the RECORD, as follows:

PURPOSE

H.R. 7042, introduced by Congressman JOHNSON of California, following receipt of an executive communication requesting that such a bill be enacted, will transfer 1,040 acres of Government-owned land from the Lassen National Forest to Lassen Volcanic National Park.

NEED

The three tracts of land to be transferred—one comprising about 240 acres, another about 170 acres, and the third about 640 acres—will bring within the park a campground that is already administered by the National Park Service under agreement with the Forest Service; a portion of a road the entire length of which, except for this portion, is within the park; and a small tract of forest land which is needed for a protective strip along Lost Creek. Most of the land involved in the bill has been logged over and, the committee was informed, grazing has been diminishing in recent years.

Enactment of the bill will simplify administrative problems as between the park and the forest. Provision is made in H.R. 7042 for construction of a road by the Forest Service across one of the three tracts if this is needed for administration of the forest.

COST

H.R. 7042 entails no cost to the Federal Government.

EXCHANGE OF LANDS AT WUPATKI NATIONAL MONUMENT, ARIZ.

The bill (H.R. 7240) to authorize an exchange of lands at Wupatki National Monument, Ariz., to provide access to certain ruins in the monument, to add certain federally owned lands to the monument, and for other purposes, was considered, ordered to a third reading, was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement from the report (No. 609) explanatory of the purpose of the bill be printed in the RECORD at this point.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

The purposes of this bill are (1) to provide for the exchange of 800 acres of Government-owned land within the Wupatki National Monument, Ariz., for 800 acres of private land of approximately equal value which are also within those boundaries, (2) to revise the monument boundaries by excluding therefrom the lands given in exchange plus another 160 acres of privately owned land and by adding 240 acres of public domain land, and (3) to authorize the Secretary of the Interior to accept, as a donation, an easement for a 200-foot-wide right-of-way for a road within the monument area.

H.R. 7240 was introduced by Congressman MORRIS K. UDALL following receipt of an executive communication dated April 18, 1961, recommending that this be done. An identical bill, H.R. 6678, was introduced by Chairman ASPINALL.

NEED

Wupatki National Monument was established in 1924 by Presidential proclamation issued pursuant to the Antiquities Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431).

It is the site of a number of prehistoric Indian pueblos built, it is believed, by ancestors of the present Hopi Indians.

The present boundaries of the monument embrace about 35,700 acres, nearly all of which are in Federal ownership. Enactment of the bill will not only eliminate such private inholdings as there are but will also add to the Federal holdings an archaeologically important ruin, commonly known as Crack-in-Rock. It will also provide, free of charge, a right-of-way for access to this ruin which will be available if and when construction of a road is authorized and will permanently protect the approach to the monument from undesirable developments by adding to it a tract of public land opposite its entrance on U.S. Highway 89.

COST

Enactment of H.R. 7240 will entail no cost to the Government.

FORT RALEIGH NATIONAL HISTORIC SITE, N.C.

The Senate proceeded to consider the bill (H.R. 5518) to revise the boundaries of the Fort Raleigh National Historic Site in North Carolina, and for other purposes, which had been reported from the Committee on Interior and Insular Affairs with an amendment on page 6, after line 14, to strike out:

SEC. 3. There are hereby authorized to be appropriated such sums, but not more than \$259,000, as are necessary to carry out the provisions of this Act.

The amendment was agreed to.

The amendment was ordered to be engrossed and the bill to be read a third time.

The bill was read the third time, and passed.

Mr. MANSFIELD. Mr. President, I ask unanimous consent that a statement from the report explanatory of the purpose of the bill be printed in the RECORD at this point.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

The purpose of H.R. 5518 is to add to the Fort Raleigh National Historic Site approximately 120 acres of land closely associated with the first attempt (1585-87) to establish an English colony within what are now the boundaries of the United States.

H.R. 5518 was introduced by Congressman BONNER. The enactment of such a bill as this was recommended in an Executive communication from the Department of the Interior dated January 17. This recommendation was reaffirmed by a subsequent letter from Secretary Udall on March 3, 1961.

NEEDS

Fort Raleigh National Historic Site was established in 1941 with an area of 18½ acres. Since that time the number of visitors to the site has grown tremendously. In 1960, over 90,000 persons were attracted to it. In part this is attributable to the popularity of the annual summer productions of "The Lost Colony," a historical play dealing, on the very site of its occurrence, with the attempted first settlement. In part it is attributable to great improvements in the road system serving the area, to the opening up of this part of the country to countless numbers of tourists, and to the establishment of nearby public recreation areas under Federal and State auspices. But in large part it is also attributable to the intrinsic merits of the site and the desire of visitors to see the place which they have learned from their study of American his-

tory to respect as the site of the first English settlement.

The 18½ acres which are within the present historic site are insufficient either to accommodate the influx of visitors or to preserve the whole area which Sir Walter Raleigh's colonists are believed to have occupied. Enactment of H.R. 5518 is necessary to accomplish these purposes.

COST

The estimated acquisition cost of the lands added to the historic site by H.R. 5518 is about \$259,000. This figure, which is lower than that given in the report of the Department of the Interior, is based on an appraisal made since the date of that report. Testimony before the committee strongly indicated that it is likely that the whole or a large part of this amount will be donated to the Government for purchase of the site.

COMMITTEE AMENDMENT

The committee was advised by the Director of the National Park Service subsequent to the passage of the reported bill by the House of Representatives that arrangements have been concluded to provide for the acquisition of land with funds donated to the Government for this purpose. The limitation imposed by section 3 on the appropriation of funds for land acquisition purposes is, therefore, unnecessary and has been deleted by the committee's amendment.

AMENDMENT TO COAST AND GEODETIC SURVEY COMMISSIONED OFFICER'S ACT OF 1948

The Senate proceeded to consider the bill (S. 685) to amend the Coast and Geodetic Survey Commissioned Officer's Act of 1948, as amended, and for other purposes, which had been reported from the Committee on Commerce with amendments on page 3, after line 15, to insert:

(h) Adding a new section 23 as follows:

"Sec. 23. (a) Original appointments may be made in grades up to and including lieutenant after passage of a mental and physical examination given in accordance with regulations prescribed by the Secretary of Commerce: *Provided*, That the President, under such regulations as he may prescribe, may revoke the commission of any officer appointed under this section during his first three years of service if he is found not qualified for the service.

"(b) Any person appointed under authority of this section shall be placed on the lineal list of active duty officers in a position commensurate with his age, education, and experience in accordance with regulations prescribed by the Secretary of Commerce.

"(c) (1) For the purposes of basic pay any person appointed under this section to the grade of lieutenant or lieutenant (junior grade) shall be considered as having, on date of appointment, three years or one and one-half years service respectively.

"(2) If a person appointed under this section is entitled to credit for the purpose of basic pay under other provision of law which would exceed that authorized by subsection (c) (1) he shall be credited with that service in lieu of the credit provided by subsection (c) (1)."

And, on page 5, line 1, after "Sec. 4.", to strike out "Sections 2731 and 2732 of chapter 163 of title 10, United States Code, are hereby adopted for applicability to the Coast and Geodetic Survey." and insert "Section 3(A) of the Act of August 10, 1956, as amended (33 U.S.C. 857(a)) (70A Stat. 618) is further amended by redesignating subsection 8

Public Law 87-129
87th Congress, H. R. 7042
August 10, 1961

An Act

75 STAT. 319.

To add certain federally owned land to the Lassen Volcanic National Park,
in the State of California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following described lands of the Lassen National Forest are hereby excluded from the forest and added to the Lassen Volcanic National Park:

Lassen Volcanic
National Park,
Calif.
Lands, addition.

Lots 1, 2, and 3, south half northeast quarter, and southeast quarter northwest quarter section 4; west half southeast quarter and those parts of the south half northwest quarter and of the southwest quarter of section 11 lying east of Lost Creek; and section 19, township 31 north, range 4 east, Mount Diablo meridian: *Provided*, That the aforesaid lands in section 19 are included within the national park subject to the right of the Secretary of Agriculture to construct and maintain a permanent road through such section in order to permit the use, protection, and administration of adjacent national forest lands and the removal of timber from the national forest.

Approved August 10, 1961.
